

**1. List the three levels of Bloom's Taxonomy classification of education objectives**

1. Cognitive
  2. Affective
  3. Psychomotor
- 

**2. Correct the text so that the following statements are true**

We can define (~~teaching models~~ **teaching methods**) as the set of procedures based on teaching techniques that aim to achieve the learning objectives.

Constructivism (according to Piaget, one of its pioneers) states that learning is a process of (~~consolidation of concepts through repetition~~ **knowledge construction** ~~people's affective dimension~~).

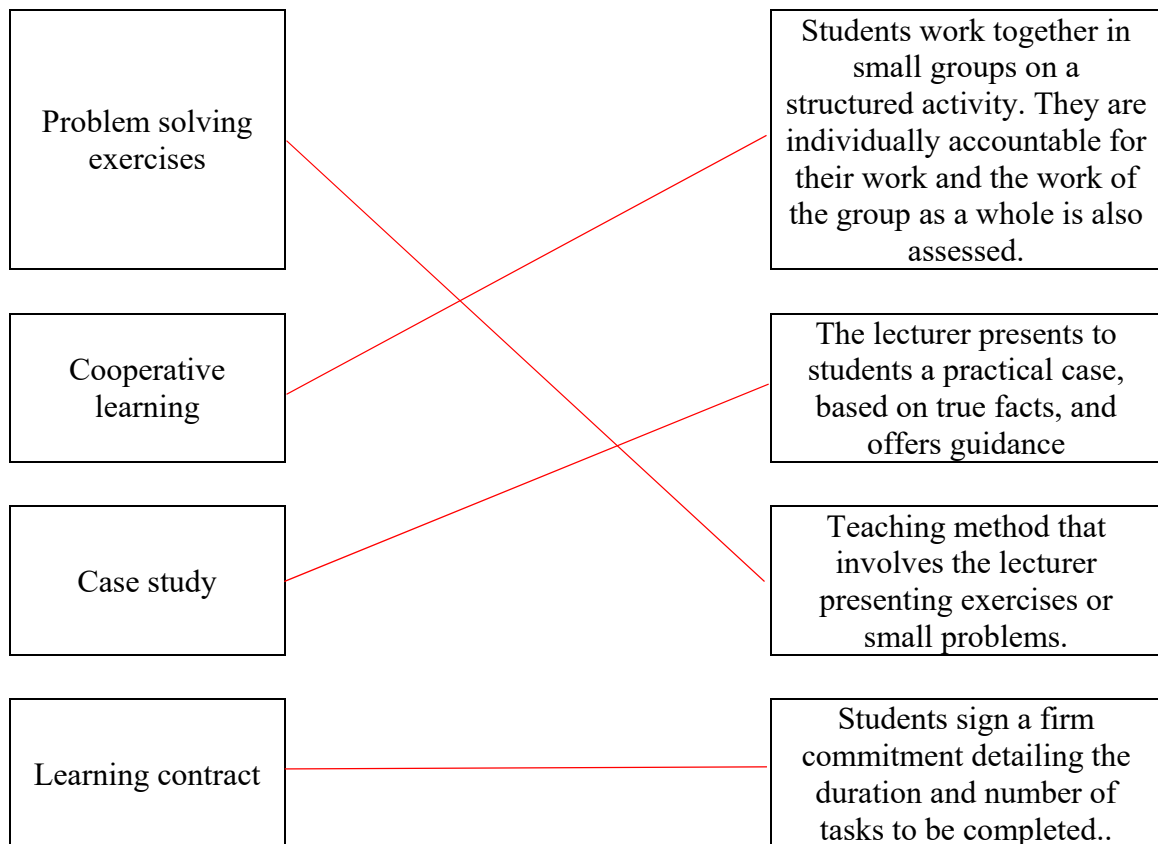

The meaningful knowledge (~~is not~~ **is**) reception but construction.

(~~Non – active~~ **Active**) forms of learning are oriented towards knowledge absorption and memorisation.
